- Loader type: top

Accessories
- Included accessories: User Manual
- Remote control: 15-key remote

Dimensions
- Main unit width: 180 mm
- Main unit height: 119 mm
- Main unit depth: 220.4 mm
- Main speaker dimensions (W x D): 127 x 160 mm
- Main speaker height: 170 mm
- Packaging width: 659 mm
- Packaging height: 234 mm
- Packaging depth: 180 mm
- Gross weight: 4.6 kg
- Net weight: 3.94 kg

Power
- Power supply: 220-240V

Highlights

Bass Reflex Speaker System

Bass Reflex Speaker System delivers a deep bass experience from a compact loudspeaker box system. It differs from a conventional loudspeaker box system in the addition of a bass pipe that is acoustically aligned to the woofer to optimize the low frequency roll-off of the system. The result is deeper controlled bass and lower distortion. The system works by resonating the air mass in the bass pipe to vibrate like a conventional woofer. Combined with the response of the woofer, the system extends the overall low frequency sounds to create a whole new dimension of deep bass.

Audio-in

The Audio in connectivity allows direct playback of Audio in content from portable media players. Besides the benefit of enjoying your favorite music in the superior sound quality delivered by the audio system, the Audio in is also extremely convenient as all you have to do is to plug your portable MP3 player to the audio system.

USB Direct for easy MP3 music

Thanks to the complete file transferability, you can easily enjoy the convenience and fun of accessing more digital music via the built-in USB Direct.
